

FLUSH MOUNTED CLOCKS

Valid from 01.01.2024

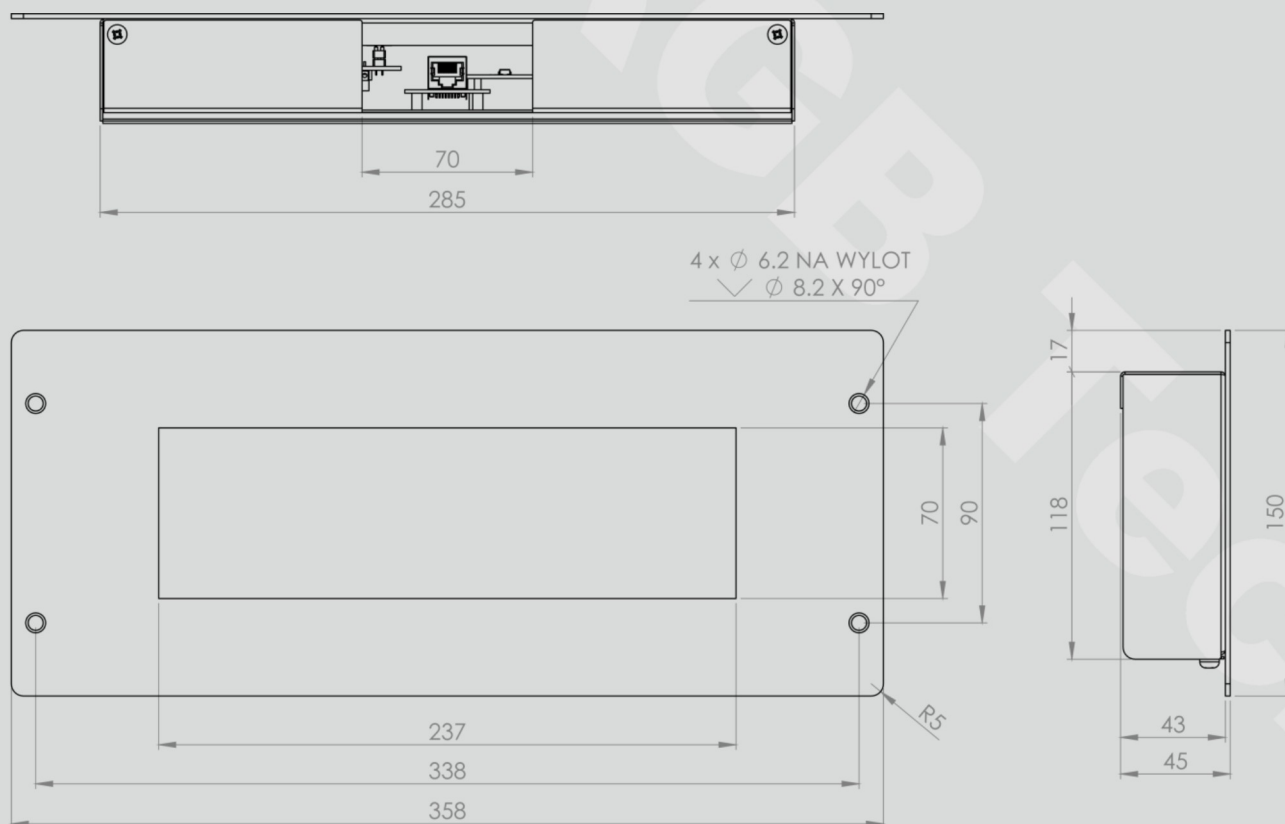

ZAM5-L i ZBM5-L POE+ Flush mounted

The flush mounted clocks are available with 50 mm high digits, 4-digit (HH:MM) and 6-digit (HH:MM:SS) versions. Designed to meet operating theatres standards - stainless steel casing and glass face. The clocks can be additionally equipped with a flush-mounted stainless steel remote control necessary to operate the stopwatch function. They also offer the option of an alternating time and date display. The clocks are managed via the web panel or via dedicated RGB Clock Set software.
